All Aspects of the Writing Journey are Covered.

Hazel Edwards' COMPLETE YOUR BOOK IN A YEAR is one of the most comprehensive guides available to writers of both fiction and non fiction.

Hazel, who is best known for the classic children's Hippopotamus on my Roof series, has had more than 200 books published. As a teacher of writing for over 35 years, she has seen many of her students go on to be picked up by main stream publishers.

Hazel certainly knows her stuff and shares her knowledge in this easy to follow book. All aspects of the writing journey are covered. Starting with a month by month schedule for getting your book finished in a year. There are also chapters devoted to developing characters, scene setting, synopsis, pitching to publishers and self publishing and more.
